

Homemade playdough

To make a ball of playdough at home you will need:

- •1 cup flour
- •1 cup water
- •1/2 cup salt
- •1 tbsp oil
- •Food colouring (optional)

Throw it all into a saucepan on the hob at low heat and mix thoroughly until the dough forms. You can add extra food colouring to make the colour more intense.

Knead the dough for 5-10 minutes (muscles required for this bit!).

Wrap in cling film or a sandwich bag and store in an airtight container.
