

# Soap Slime

## What will I need?

- **A bar of soap**
- **Food colouring or paint**
- **Hot boiling water**

1. Grate a bar of soap into a large bowl.
2. Add the food colouring, glitter or paint.
3. Add a kettle full of boiling hot water.
4. Mix until melted and leave to cool. Put in the fridge overnight.
5. When ready to play take out of the fridge (It will be foamy and solid). Add a little warm water and let the kids start the squelch it and mix it until you get a fab slime texture
